SAMHSA's Center for Substance Abuse Prever

CSAP works with States and communities to develop comprehensive prevention that create healthy communities in which people enjoy a quality life. This include supportive work and school environments, drug- and crime-free neighborhoods, positive connections with friends and family.

The role of prevention is to create healthy communities in which people quality of life:

- Healthy environments at work and in school
- Supportive communities and neighborhoods
- Connections with families and friends
- Drug and crime-free
