The award-winning *Masters of Disaster*® disaster preparedness curriculum teaches children how to prevent, prepare for and respond to disasters and other emergencies. We are pleased to announce its availability now in customized formats for both families and educators.

The *Masters of Disaster*® series is an educational tool that will teach youth the importance of preparedness while reducing fear of the unexpected. The goal is to empower youth with the confidence and knowledge to prepare for disasters and help create a culture of preparedness. The lessons are non-threatening, age appropriate and adhere to national education standards. Below are some lessons and activities from *Masters of Disaster*.
